

REPORT ON

Organized by

Department of Physics

Karmavir K.H. Abad Arts, Shriman M.G. Lodha Comm. and Shriman P. H. Jain Sci. College, Chandwad Dist- Nashik Maharashtra INDIA

International Seminar on Nanomaterial Imperatives in the New Millennium (NINM-2024) held on Thursday, 22nd February 2024 at Seminar Hall, SNJBs Karmavir K.H. Abad Arts, Shriman M.G. Lodha Comm. and Shriman P. H. Jain Sci. College, Chandwad organized by IQAC and Department of Physics supported by SNJBs Chandwad.

Chief Guests for the Conference were Prof. Fabian Ezema, Nano Research Lab, University of Nigeria, Nsukka, Nigeria; Prof. Dr. L. A. Patil Ex-Principal, Pratap College, Amalner and Dr. G. H. Jain ACS College, Nandgaon. They were accompanied by our honorable Principal Dr. D. N. Shimpi, IQAC Co-ordinator Dr. M. T. Patil, Head of the Department Dr. Ganesh Patil and all other Faculty and students. Total 71 participants were present during the seminar.

The seminar began with anchoring by Dr. S. D. Shinde, who created a vibrant atmosphere for the event. Dr. Shinde welcomed the dignitaries and attendees, making the start of the event smooth and memorable. Dr. Ganesh Patil, Head of the Department (HoD) of Physics, provided an insightful introduction to the seminar. He emphasized the relevance of nanomaterials in modern science and technology, their potential applications, and the importance of interdisciplinary research in advancing this domain. Dr. S. D. Shinde also introduced the esteemed guests, offering a brief yet impactful overview of their illustrious careers and contributions to the field of nanotechnology.

The event included a series of felicitation ceremonies to honor the distinguished guests: Prof. Fabian was felicitated by Principal Dr. D. N. Shimpi, acknowledging his exceptional contributions to the field of nanoscience. Dr. L. A. Patil was felicitated by Vice-Principal Dr. M. T. Patil in recognition of his groundbreaking research and innovative applications of nanotechnology. Dr. G. H. Jain was felicitated by HoD Dr. Ganesh Patil for his significant academic and research accomplishments in the realm of nanomaterials.

Principal Dr. D. N. Shimpi delivered the presidential address, shedding light on the ongoing research activities at the Department of Physics, a recognized PhD center. He elaborated on the department's achievements in cutting-edge nanomaterial research and its contributions to the broader scientific community. His speech inspired the attendees, motivating them to pursue excellence in their respective fields.

The seminar concluded with a heartfelt vote of thanks proposed by Dr. A. B. Gite, who expressed gratitude to all the dignitaries, participants, organizing committee members, and sponsors for their unwavering support and cooperation in making NINM-2024 a grand success.

The Conference session was followed by Plenary Session I and II in Seminar Hall

On 22nd February 2024

Plenary Session I (11.30 a.m. to 1.00 p.m.): Dr. L. A. Patil, Chair-person: Dr. N. U. Patil

Prof. Dr. L. A. Patil delivered the invited talk on the topic "Nanotechnology to Achieve Sustainable Development Goals (SDGs) Set by United Nations." He explained how nanotechnology can help solve global problems. Prof. Patil talked about its role in clean energy, safe water, healthcare, and fighting climate change. He shared examples of nanomaterials that improve efficiency and reduce pollution. His speech encouraged everyone to use nanotechnology to create a sustainable future and work together across fields.

The session was concluded with interaction with audience.

Plenary Session II (1.30 a.m. to 3.00 p.m.): Prof. Ezema Fabian, Chair person: Dr. L. A. Patil

Prof. Fabian delivered an insightful talk on the "Overview of Researches on Development of Various Electrodes for Energy Storage and Harvesting." He highlighted advancements in electrode materials for supercapacitors, batteries, and solar energy devices. Prof. Fabian emphasized the integration of nanotechnology to enhance energy efficiency and sustainability. His presentation inspired discussions on future collaborations and innovations in energy research.

Plenary Session II (3.00 a.m. to 4.30 p.m.): Prof. G. H. Jain, Chair-person: Dr. L. A. Patil

Dr. G. H. Jain delivered an insightful talk on "Nanomaterials: Synthesis to Gas Sensor Applications." He highlighted advanced synthesis techniques for nanomaterials, emphasizing their unique properties like high surface area, tunable morphology, and enhanced reactivity. Dr. Jain elaborated on how these features make nanomaterials ideal for gas sensor applications, ensuring high sensitivity, selectivity, and fast response times. He showcased real-world examples, including sensors for hazardous gases, and discussed emerging trends in the field. The talk concluded with a Q&A session, providing valuable insights for researchers working at the interface of nanotechnology and environmental sensing.

The seminar concluded with vote of thanks by Dr. A. B. Gite Organizing Member of the International Seminar.
