Title of Activity: Wild Vegetable Festival

Department of Botany organized 'Wild Vegetable Festival'. It is the practice which covers the nutritional and medicinal aspects of ignored wild plants. The wild plants can cure a number of diseases. The activity is based upon the Bio-social approach. The students prepared various delicious dishes using wild vegetables and presented their biochemical composition of carbohydrates, proteins, vitamins and other essential micronutrients. The college staff, administrative section and common people actively participated in the programme. The best presenters were awarded. 'Wild Vegetable Festival' was also covered by broadcasting and print media. **Date -12 September 2018**

Title of Activity: Botany Department Field Visit

Venue: Chandwad hills

Description of Activity: To identify botanical species

Guide: Botany Department staff

2014-15

In the academic year 2014-15, Department of Botany organized the field visit on the local hilly terrain behind the college campus. The staff member taught the students about the various plant types aka climber, runner, sucker, herbs, shrubs and trees. The plants were classified according to Bentham and Hookers system of Classification in terms of Angiosperms, Gymnosperms, Algae, Fungi and Lichens.

2015-16

The Department of Botany organized the field visit to the local mountain ranges and the hilly area. Four faculties guided the students on scientific identification and classification of flora and fauna

2016-17

In the academic year 2016-17, Department of Botany organized the field visit on the local hilly terrain area known as Basuban. M.Sc II Students actively participated in this field visit. The students were informed about the identification, classification and nomenclature of the plant species. A lecture and test series was conducted in the department after the field visit.

2017-18

In the academic year 2017-18, Department of Botany organized the field visit on local hills and plateaus for 24 students of M.Sc II. The taxonomists- Dr. Shimple, Dr. Nimbalkar, Dr. Nikam Sir guided the students on identification of plant families. They also shared some tricks to remember the botanical name of the plants. The experts discussed Malvaceae family member Hibiscus heterophylla, Tiliaceae, Juncaceae, Convolvulaceae and Oscimum gratissimum .

The various species found in Satmala Ranges are identified like *Sclerocarpous africans*, *Waltheria indica*, *Wahlenbergia fleuosa*, *Terminalia tomentosa* etc. The experts also identified the special feature of plant like the leaves cut in V-shape as in the case of *Tephrosia*.

2018-19

In the academic year 2018-19, Department of Botany organized the field visit on the Brahmin Hills located behind the college. The Students from M.Sc I and M.Sc II and 4 faculties of the department participated in this activity. The visit was arranged in the Monsoon season as more number of species flower in the season. The Brahmin hills bears wide range diversity of the flora particularly herb and shrubs. The seasonal flowers which occurred on the Kaas plateau are

similar to ones found on the Brahmin hill. The rare species of the *Ceropegia hirsuta* and *C. Bulbosa* are found within the sedges of the xerophytes. The field visit focused species of the Satmala Ranges. In the academic year 2017-18, Department of Botany organized the field visit on the Chandreshwari hills for the students of T.Y.B.Sc Class. Three faculties accompanied the students. The Chandreshwari hill is famous for the Chandwad Fort, the Lord Mahadev Temple, the scenic beauty and the waterfall. From the taxonomic view point this is an astonishing site with diverse flora. The rare medicinal plant like *Bacopa monerii* (Brahmi), *ledebouria* species (Sapkanda) are found. The Decorative species *Curcuma pseudomontana* (Ran halad) and the *habenaria grandifloriformis* (Ground Orchid) and many other such species of herb, shrub and arboreal trees were studied by the student according to the Bethem and Hookers system of Classification.

Title of Activity: Study Tour of Department of Zoology

Venue: Nandur Madhameshwar (Bharathpur of Maharashtra)

Description of Activity: To identify Birds

Main Attractions: Study of bird species

Our Department conducted tour on 19 December 2018 at N D M Bird Sanctuary. The total area of NDM bird sanctuary is covered 100.12 Sq.km. of land. A stone pick up weir was constructed in 1907-13 across the river Godavari just below the confluence of Kadwa and Goadavari rivers at Nandur Madhameshwar. The water level is always fluctuating in Nandur Madhameshwar Lake.

The water released from Gangapur and Darana water reservoirs is stored at Nandur Madhameshwar and subsequently released from here through canals for irrigation. Silts and organic matter that are carried away with water flow are accumulated in the lake, due to which islands and shallow water ponds have been created. This resulted in the biological enriched conditions by which aquatic vegetation has been stabilized. Thus the site has turned into good wetland habitat aptly described as "Bharatpur of Maharashtra".

Nandur Madhmeshwar Bird Sanctuary is a harbour for thousands of beautiful and migratory birds. There are more than 230 species of birds, out of which 80 are migratory species. The migratory birds found in this sanctuary are White Stork, Glossy Ibis, Spoonbills, Flamigo, Goose Brahminy Duck, Pintails, Mallard, Wigeon, Gargenery Shoveller, Pochardds, Cranes Shanks, Curlews, Pratincole Wagtails, Godwits, Weavers, etc. The resident birds include Black Ibis, Spot Bills, Teals, Little Grabe, Cormorants, Egrets, Herons, Stork, Kites, Vultures, Buzzards, Harriers, Osprey, Quails, Patridges, Eagles, Water Hens, Sand Pipe, Swifts, Grey hornbill, Peafowl, etc

Following birds are seen at Nandur madhmeshwar Bird Sanctuary:

Sr.No.	Common Name	Scientific Name
1	Great Egret	Ardea alba
2	Greater Flamingo	Phoenicopterus roseus
3	Grey Heron	Ardea cinerea
4	Eurasian Spoonbill	Platalea levcoradia
5	Northern Paintail	Anas acuta
6	Common Shelduck	Tadaorna tadorna
7	Painted Stork	Mycteria leucocephala
8	Black-winged Stilt	Himantopus himantopus
9	Common Crane	Grus grus
10	Spot Billed Duck	Anas poecilorhyncha
11	Purple Moorhen	Porphyrio porphyrio
12	Purple Heron	Ardea purpurea
13	Pheasant Tail Jacona	Hydrophasianus chirurgus
14	Little Cormorant	Microcarbo niger
15	Ruddy Shelduck	Tadorna Ferruginea
16	White Strork	Ciconia ciconia

Chandwad, Dist. Nashik-423101

Locational Disadvantages:

- 1) No flyover is available for Square at the entrance of Chandwad at NH-3 Mumbai Agra Highway. It is very difficult to our student to cross the highway
- 2) No Multispecialty Hospital is available
- 3) There is no bus depot in Chandwad. This creates difficulty in commuting.
- 4) Famine and scarcity of water

प्रति,
मा. आगार प्रमुख,
मनमाड आगार,
मनमाड.

महोदय,

मा. शिक्षण अधिकाऱ्यांच्या आदेशान्वये प्रति वर्षा प्रमाणे आमच्या कनिष्ठ
महाविद्यालयात ज्ञानसमृद्धी योजने अंतर्गत इ. १२ वीच्या वर्गाचे तास १ एप्रिल ते ३०
एप्रिल या काळात नियमित सुरु राहणार असून तरी विद्यार्थ्यांना या काळात सवलतीचा
पास देण्यात यावा. ही नम्र विनंती.

तसेच एफ वाय./एस वाय/टी वाय वी ए/ वी कॉम / वी एस्सी यांच्या परीक्षा ३०
एप्रिल पर्यंत सुरु आहेत.
कळावे.

स्वातंत्र्य प्रमुख
डॉ. व. व. चव्हाण-सोनी

आपला विश्वासू,
उप-प्रधान
श्री. घे. व. सुराणा कला, वाणिज्य व विज्ञान
